AFYON TA / 400 LITER TURBO ATOMIZER, MOUNTED TYPE

The 400 liter sprayer tank enables efficient and precise application of agricultural chemicals like herbicides, insecticides, and fungicides. Its durable design ensures reliable performance in tough field conditions. Spraying protects crops from pests, weeds, and diseases, supporting healthy growth and better yields.

**Technical
Details*****AFYON TA 400**

Type		Belt
Capacity	lt	400
Total Width	mm	1130
Turbo Working Width	mm	8000
Total Length	mm	1630
Total Height	mm	1420
Tank Material		Polyester
Pump Type	lt	C105
Regulator		VDR.50
Nozzle Type		Brass
Nozzle Piece		5+5
Fan Diameter	mm	850
PTO Rotation	rpm	540
Air Flow	(m ³ /h)	54000
Required Power	hp	50
Weight	kg	258

* Armada reserves rights to change them without notice.

AFYON TA, TAT / 600 LITER TURBO ATOMIZER, MOUNTED TYPE

The 600 liter sprayer tank enables efficient and precise application of agricultural chemicals like herbicides, insecticides, and fungicides. Its durable design ensures reliable performance in tough field conditions. Spraying protects crops from pests, weeds, and diseases, supporting healthy growth and better yields.
