

Seed Drills

TITAN

 **ARMADA**

TITAN SERIES

Where Strength Meets Precision

The Titan seed drill is designed to give you unmatched precision, strength, and reliability in every row. Engineered with cutting-edge technology and durable materials, Titan ensures every seed is placed at the perfect depth for optimal growth, no matter the soil or season.

With Titan, you're not just working the land – you're maximizing its potential. From the first pass to the final harvest, Titan stands by you, delivering consistent results and greater yields. Strong, smart, and built to last

TITAN, MOUNTED TYPE WITH CHISEL **Spring Chisel Legged Combined Sowing Machine**

You can sow all seeds of cereals through precision. Such as wheat, barley, oat besides soybeans, pea, chickpea, masoor (lentil), canola, alfalfa. Small, medium and big sizes seeds can be sowed with this machine. You can sow different kinds of seeds on tillage. Universal sowing machine is a modern sowing machine that can sew all cereal seeds in a sensitive way. Besides seeds of wheat, barley, oats, rye, lentil; large and medium sized such as corn, soybeans, peas, chickpeas and; small seeds such as canola (colza), clover, broom onions, carrots, tomatoes, spinach can be sowed in the most sensitive way.

Technical Details*		TITAN 21	TITAN 25	TITAN 29	TITAN 33
Number of Sowers	pcs	21	25	29	33
Inter Row Distance	mm	120	120	120	120
Working Width	mm	2500	3000	3500	4000
Transport Width	mm	2735	3235	3735	4235
Transport Height	mm	1500	1500	1500	1500
Seed Hopper Capacity	lt	460	550	640	730
Fertilizer Hopper Capacity	lt	305	370	400	425
Seed Hopper Cap. Without Fertilizer	lt	750	950	1150	1350
Tyre Size		600-16	600-16	600-16	600-16
Working Speed	km/h	5-8	5-8	5-8	5-8
Weight	kg	820	970	1150	1260
Required Power	hp	70+	80+	100+	110+
